## 2025 SWIFTSURE INTERNATIONAL YACHT RACE

### AMENDMENT #1 to the SAILING INSTRUCTIONS for the THREE LONG COURSES

*This amendment clarifies the alternative ORC Scoring options the Race Committee may use, if observed conditions warrant scoring using an alternative to the Windward Leeward Triple Numbers.*

*Additionally, it clarifies the Race Committee will score the race using triple numbers (Low, Medium, or High) and not a 5-band wind velocity model.*

The following is **REPEALED**:

18.2 h). If irregular conditions prevail and recorded conditions are consistent with the ORC definitions for All Purpose, the race committee may score the race using the All-Purpose coefficients.

The following is **ADDED**:

18.2 h). If irregular conditions prevail and recorded conditions are consistent with the ORC definitions for either: All Purpose, Predominant Upwind, Predominant Downwind, or Predominant Reaching the race committee may score the race using one of these alternative scoring options.

18.2 i). The Race Committee will score the race using triple numbers (Low, Medium, or High); the race will not be scored using a 5-band model.
